

## ***Cancerables Foundation* 2010 Research Grants Request for Proposals**

### **Purpose:**

The Cancerables Foundation provides grant opportunities for professionals who are dedicated to cancer research.

### **Funding Focus:**

We are accepting grant proposals for research initiatives in ovarian and other types of cancer, especially those which currently lack standard and routine screening methods for early detection.

In 2010, award preference will be given to projects in four areas:

- 1) Projects that focus on effective methods of screening to promote early diagnosis of ovarian cancer in patients.
- 2) Research to prevent recurrence of ovarian cancer.
- 3) Projects dedicated to finding effective methods of screening for other types of cancers, including but not limited to, cancers in children.
- 4) Vaccinations against cancer.

### **How to Apply:**

Please be specific in the description of your request, including your goals and intended outcome of your proposal. Applications must be submitted in writing and must be postmarked no later than May 1, 2010.

### **Proposal Requirements:**

- 1) A narrative description of the research plan, including project goals and intended outcomes.
- 2) Description of the organization, facility and/or individuals submitting the request.
- 3) A detailed budget of the project's income and expenses, including all itemized cost expenditures. (Note: Funds may not be used for ongoing operational costs or personal expenses.)
- 4) Description of anticipated timelines and completion of project.
- 5) Description of how success will be measured at the end of the grant period.
- 6) A biographical sketch of applicant, including education, training, positions, honors, publications and a statement of career goals.
- 7) Statement of relevance for the project. Please limit the use of technical terminology or scientific jargon.
